At METRO we understand how being diagnosed with HIV can turn your life upside down. We know that sharing your experience and meeting other people that have recently been diagnosed or are living with HIV can really help. Also that those close to you might also need support and information.

Our Family Support Service is there to support you wherever you are in your journey. METRO aims to:

- Build positive relationships with children and young people living with or affected by HIV
- Offer advice and support to parents/ carers in a way that encourages independence and confidence.
- Work closely with parents and carers to meet the children's/young people's needs
